Better Shoes For Less Money

Latest styles in all leathers \$3, \$3.50 & \$4.00

Shoes made by ENDICOTT, JOHN-
SON & CO. contain a quality of leather
superior to that in any other shoes sold
at the same prices. This is the first and
only shoe house in the world that tans
its own leather and operates independent
of all trusts.

The leather in Endicott shoes is the best that can
be made because it is tanned to meet the greatest
tests of wear, from a shoemaker's standard of quality,
rather than that of the leather trust which works for
profit only.

Obituary

Lettie, daughter of Jacob and
Martha Lindsey, was born Decem-
ber 6, 1896, died November 22,
1909, aged 12 years, 11 months
and 16 days. She leaves to mourn
their loss a father, mother, six
brothers and four sisters, besides
a host of relatives and friends.

Cause of her death was organic
disease of the heart. Her sick-
ness was of short duration which
she endured with much patience.
Lettie was a peaceable, good
hearted girl and was loved by all
that knew her. She has gone from
a world of sorrow and trouble to a
world of peace and joy, where
there will be no death, sorrow,
trouble nor parting of friends. We
believe our loss is her eternal gain.
This is the first time the death
angel has entered this home. Her
remains were laid to rest in Mount
Carmel cemetery, November 24,
1909.

Rev. James Bethel, of Pike Run,
officiated, assisted by Thomas Tat-
man. A FRIEND.

Obituary

Laura Elizabeth Arledge, was
born October 18 A. D. 1877 and
departed this life November 22
A. D. 1909, aged 32 years, 1
month and 14 days. She was united
in marriage to John F. Vincent,
December 6, 1894, to this union
were born 5 children, 2 of which
have preceded her to the spirit
land. She leaves to mourn their
loss a husband, one son, two
daughters, an aged father and
mother, eight brothers, three sis-
ters, and a host of other relatives
and friends.

She united with the U. B. church
at Zion in early life and was a
member at the time of her depart-
ure. She was a kind and affec-
tionate wife and mother and a
good neighbor, and will be greatly
missed by all who knew her.

During her last sickness, she
bore up with great patience.

The friends and neighbors have
the sincere thanks of the bereaved
husband and family during the
last illness of our dear departed
one for their kindness.

Kind friend we know
That thou art blest,
Since God hath called
Thine home to rest.

A voice within our home is still'd,
A place is vacant there,
That never can be filled.

Memorial

There is a reaper whose name is Death,
And with his sickle he reaps at a breath,
And the flowers that grow between

When the shining sun was sink-
ing below the horizon, and when
the meditation of humanity was in
the hush of business for the night
repose, God needed one more angel
child amidst His shining band, so
the death angel passed quietly
over and chose as his reward,
Violet Dorothy Sheets, the darling
infant of Mr. and Mrs. Elmer
Sheets. It was born November 17,
1909, departed this life November
27, 1909, aged 1 week and 5 days.

This is a glad, bright and beau-
tiful world, fragrant with the odor
of flowers, tuneful with the songs
of birds and resplendent with the
glories of earth, sea and sky, and
yet its attractions now are unnot-
iced by us, for grim, merciless
death has appeared in our midst
and snatched from our home and
companionship one of our dear
loved ones, our sky is hung with
black and somber cloud curtains.
Our vision is overcast with the
gloom of sorrow and every sound
that strikes our auditory sense has
in it a cadence of despair. With-
out the presence of that one who
has gone before, the world, in-
deed, seems empty and cheerless
to us and in our heart is a dreary,
dismal, aching void. The only
consolation vouchsafed us is the
sweet realization of the fact that
our beloved is at peace. The one
upon whom we lavished our affec-
tion is now in the land "Where
the weary are at rest."

Bending over the open casket,
looking at the folded hands which
will never touch ours again in this
world, gazing upon the closed eyes
in which we will never more see
our image reflected on this earth,
our copious scalding tears fall as
we realize that our earthly com-
panionship with this one is for-
ever at an end. Our consolation
is that our hearts' idol has heard
the words from the Father's lips,
"Suffer little children to come
unto me, for of such is the king-
dom of Heaven." Our consolation
is found in a consideration of the
fact that our treasure is in heaven.
The poor little frame will never
more be rocked with the agonies
of pain; suffering is at an end.
Another solace is that we hope to
meet our loved one beyond the
dark river, among the hosts of the
saved on the other shore. It seems

impossible that Violet is gone, but
one touch of the marble brow and
one clasp of the little hand assures
us that the spark of life has left
the tenement of clay—the living
temple which we surely miss from
our home. "Nevertheless, not our
will, but His be done." The lit-
tle one leaves a host of relatives to
mourn their loss.

Precious Darling she has left us,
Left us, yes, forever more,
But we hope to meet our loved one,
On that bright and happy shore.

Lonely the house and sad the hours,
Since our dear one has gone,
But oh, a brighter home than ours
In heaven is now her home.

Funeral service was held at
Harmony U. B. church, Sunday
forenoon, Rev. J. C. McLaughlin
officiating. Laid to rest in the
Harmony cemetery to await the
resurrection day. F. L. P.

ARE MICROBES IN YOUR SCALP?

It Has Been Proven that Mi-
crobes Cause Baldness.

Professor Unna of Hamburg,
Germany, and Dr. Sabourand, the
leading French dermatologist, dis-
covered that a microbe causes
baldness. Their theory has time
and again been amply verified
through research experiments car-
ried on under the observation of
eminent scientists. This microbe
lives in the sebaceous glands, which
are the natural hair oil, and when per-
mitted to flourish it destroys the hair
follicles and in time the pores en-
tirely close, and the scalp gradu-
ally takes on a shiny appearance.
When this happens there is no
hope of the growth of hair being
revived.

Dandruff is a contagious dis-
ease, which is largely due to a de-
structive microbe, which when
left to pursue its course causes
itching scalp, falling hair and
baldness. Dandruff is caused by
the microbes affecting the glands
which produce the sebaceous mat-
ter, which later then unnaturally
dries up and scales off.

We have a remedy which will,
we honestly believe, remove dan-
druff, exterminate the microbe,
promote good circulation in the
scalp and around the hair roots,
tighten and revitalize the hair
roots and overcome baldness, so
long as there is any life left in the
hair roots.

We back up this statement with
our own personal guarantee that
this remedy called Rexall "93"
Hair Tonic will be supplied free of
all cost to the user if it fails to do
as we state.

It will frequently restore gray
and faded hair to its original color,
providing loss of color has been
caused by disease; yet it is in no
sense a dye. Rexall "93" Hair
Tonic accomplishes these results
by making every hair root, follicle
and pigment gland strong and ac-
tive, and by stimulating a natural
flow of coloring pigment through-
out the hair cells.

Rexall "93" Hair Tonic is en-
tirely free from grease or sediment,
is exceedingly pleasant to use and
will not gum the hair or perman-
ently soil the clothing and pil-
lows.

We exact no obligations or
promises—we simply ask you to
give it a thorough trial and if not
satisfied tell us and we will refund
the money you paid us for it.
Two sizes, prices 50 cents and
\$1.00. Remember you can obtain
it in Logan only at our stores.—

Case and Opera House Drug Store.

Continued Letter From J. A. Mathias.

Since my last letter I have been
out fishing several times in a boat
with Mr. Swinford and Mr. Ives
one day or part of a day, and once
with Mr. Swinford and Mr. Ham-
ilton, the trio getting from twenty-
five to fifty at a time, besides
enjoying the boat ride from two
to three miles. Sometimes the
fish are very sociable and at other
times they seem to have other
business and are inclined to at-
tend to that first.

Well, our next trip was south a
few miles to see some orange
groves, north of this they are not
so plenty, it being a little too
cool. Passing several small groves
and finding they were looking
better still, we concluded to
stop and take a better view of a
fine grove and garden managed by
Mr. Amaden and wife. We found
Mrs. Amaden about her work at
the house. She gave us a hearty
welcome and went with us back
through the orange grove to the
garden where her husband was
busy setting out celery plants,
then they both went with us
through the garden, with long rows
of celery, onions, turnips, lettuce,
etc. The large heads of lettuce
would about fill a half bushel and
were too tempting for Buckeye
ladies at this season of the year to
pass by with merely looking at
them, the price being only 5c. per
head, of course several must go
along for a further test. Mr.
Amaden then selected a couple fine
heads which we found to be fully
as good as they looked. Mr.
Amaden and wife are very clever
and accommodating, natives of
New Hampshire. You will find
most of the working men and busi-
ness men down here are northern
men. We then took our leave con-
tinuing our journey southward
towards Hawk Park, stopping a

little while at a fine grove owned
by a colored man. The trees were
well loaded, nearer ripe than those
farther north and better cared for
than some others. We got some
pineapple and oranges that were
very good. I suppose you all
know that we don't get the best
oranges up in our country. We
then went on, passing several
groves of oranges and lemons,
some trees having lemons as large
as your two fists, not having
sampled any of those I cannot tell
anything about their quality, re-
ports are conflicting. We next
came to one of Mr. Hart's groves.
Mr. Hart is the most extensive
grover near here, owning several
groves. We entered the gate and
went in along the side of the grove
several hundred yards to the pack-
ing house, found them busy re-
pairing and getting ready for
packing, expecting to begin ship-
ping about the 20th. inst. We
left Hart's grove on the east side
and followed the shell road along
the beach north to New Smyrna,
after a walk of about six miles
having left home at 1:30, all ready
for supper as soon as the cooks
could get it. All well, hoping this
will find you all the same.

Respectfully Yours,
J. A. MATHIAS.

Eczema Readily Cured by a Simple Home Treatment.

A simple clean remedy that can
be used in the home is what every
person desires who is suffering
from eczema. You can now have
that remedy and get instant relief,
and be cured permanently by
Zemo, a clean vegetable liquid for
external use. Zemo cures skin
diseases by drawing the germs and
their poisons, that cause the dis-
ease, to the surface of the skin
and destroying them, leaving the
skin clean and healthy. Mr. F. S.
Case, the druggist, will give you a
booklet and will explain to you
how a great many cases of eczema
and other forms of skin diseases
have been cured by this simple
home treatment.
